VOLUME XX.

MAYSVILLE, KY., THURSDAY, MAY 30, 1901.

NUMBER 160.

GREETED BY FRIENDS.

Presidential Party Enjoy a Stop at the Old Home at Canton.

MRS. M'KINLEY WARMLY RECEIVED.

Fair Patient Much Improved and Gaining Strength Hourly—Incidents of the Run Through the Buckeye State.

Canton, O., May 29.—The presidential train reached here Wednesday afternoon and a brief stop was made to afford Mrs. McKinley the pleasure of greeting her relatives and friends, who called in large numbers. The fair patient passed a comfortable day and is gaining strength rapidly.

The president and members of the cabinet are much gratified at the action of the Cuban constitutional convention in accepting the Platt amendments. Cuba's acceptance of America's terms, however, will not change her status for the present. She must hold an election and establish a government, and congress will eventually be allowed to take the final action which will release her from the military control of the United States.

The Flag Returned.

Crestline, O., May 29.—Under orders from the adjutant general George Feeney, superintendent of the state house flag and relic room at Columbus, met President McKinley's special train here and secured the Twenty-third O. V. I, which was used in connection with the ceremonies at the time of the launching of the battleship Ohio. Several members of the regiment now live in California, and they desired to catch another glimpse of the old flag.

Shook Hands.

Ada, O., May 29.—There were big crowds at all the stations after the presidential train crossed the line into Ohio. At Lima several hundred people thronged the depot. The train stopped only three minutes, but in that time he greeted a number of his old friends and shook hands with many of the school children, who had been given a holiday in his honor.

Father Riegel's Slayers.

Philadelphia, May 29.—The three men convicted of murder in the second degree for the killing of Father Riegel of Cheltenham by the administration of knockout drops, were up in court for sentence. Steve Bryan was sentenced to 15 years, and "Bob" Bryan and Jacob Wynne 20 years each. Ella Barrett and Fannie Miller, who pleaded guilty as accessories, were sentenced to two years and a fine of \$500 each.

French Officers Present.

Berlin, May 29.—Emperor William, at the annual review of the brigade of guards at the Templehof, put the troops through a series of movements. Then at the head of the color company he led the brigade through the city. His majesty was accompanied by a brilliant entourage, including General Bonnat and the other French officers here. Subsequently the emperor lunched with the officers.

Charges Against Dowie.

Chicago, May 29.—The grand jury took up for consideration the various charges made against John Alexander Dowie, the alleged divine healer. A specific charge is that he was directly responsible through neglect for the death of Mrs. Judd, wife of one of his followers. No answer has been received from Dowie relative to the notice that he would be required to procure a license to conduct a hospital or else shut up his institution.

Grant to Go Abroad.

Chicago, May 29.—General Fred Grant, who has been visiting here for the last few days, left for Washington, where he goes to report to headquarters. While in Washington General Grant hopes to secure an extension of his leave of absence in order to make a visit to his daughter, the Princess Cantacuzene, in St. Petersburg. His present leave calls for only thirty days.

Europe Against America.

Vienna, May 29.—The Neus Wiener, in the course of an article advocating the formation of a European customs league against the United States, says: "America is the common enemy of all, an enemy so formidable that each European country must succumb unless leagued with the rest of Europe. Even united Europe will have a hard fight."

New York, May 29.—The battleship Kearsarge has been assigned to fire the salute off Grant's tomb at Riverside drive on Thursday. She will then go to Newport to be present at the opening of the naval war college on June 3. All the work of putting the new 13½-inch gun in the forward turret has been completed.

UNDER THE WHIP.

China Forced to Pay the Indemnity and the Court Issues a Decree.

Washington, May 29.—The department of state has been informed reliably that the Chinese government has issued a decree agreeing to pay an indemnity of 450,000,000 taels, equivalent to about \$337,000,000, at the present rate of exchange. It is known now that the whole subject of indemnity will be closed up before the end of the present month. If that is not done and evacuation is not under way on a large scale, then the Chinese government must be assessed \$1,000,000 each day after June 1 next to compensate the powers for the maintenance of their military forces in China. Under this whip the Chinese government has been forced to yield. It is not known that the powers have agreed on the form and extent of the guarantee, but now that the amount of indemnity is fixed not much difficulty is expected on this score.

Waldersee's Successor.

Washington, May 29.—The United States government has not taken part in the election of a military commandant to succeed Field Marshal Count Von Waldersee in the supreme command at Peking. Having dispensed with our military force in China the United States is not concerned in the personality of the military chief. Our legation guard will not owe allegiance or obedience to any foreign commander, but will be answerable solely to the United States minister or charge. In the event of common peril the several legation guards may unite for the common defense.

Chinese Town Stormed.

Paris, May 29.—A dispatch received here from General Voyron at Tien Tsin says that a reconnoitering party came upon a walled town 15 kilometres northeast of Ting Chau. The town authorities refuse to open the gates, whereupon the French artillery opened fire, the wall breached and the town taken. One French infantryman was wounded. General Baillood is scouring the country with a column of French troops and is supporting the Chinese regulars.

Defect in the Law.

Seattle, Wash., May 29.—The prosecuting attorney of this county has discovered a defect in the new law passed by the legislature regarding the execution of criminals, which it is believed invalidates it as to all persons now under sentence of death or who may be sentenced before June 14, when the law goes into effect. The law gives a new lease of life to Charles Nordstrom, whose last appeal was dismissed in the United States supreme court and who was to be hanged immediately. Other condemned murderers in the state will be able to stave off execution indefinitely.

Oleomargarine Bill.

Harrisburg, Pa., May 29.—Governor Stone signed the Snyder Harris oleomargarine restriction bill. The new law regulates the manufacture and sale of butterine and similar products, forbids oleomargarine from being colored, prevents dealers from selling oleomargarine for butter and makes it compulsory upon each dealer to secure a permit from the agricultural department before handling oleomargarine. The governor also signed the bill prohibiting the publication of a drama or musical composition without the consent of the author.

Girls in a Riot.

New York, May 29.—The girl strikers at the handkerchief factory of Atcheson, Warden & Co. at Passaic, N. J., made a riotous demonstration. One hundred girls reported for duty, and despite police protection several of them were roughly handled by the strikers. The latter then stoned the factory, smashing many windows. The police arrested four of the strike leaders, but lost one of them in a charge from the strikers. The strikers number over 300.

San Francisco, May 29.—Terry McGovern will meet Aurelio Herrera in a 20-round bout at Mechanic's pavilion for the featherweight championship and a side bet of \$5,000 against \$3,500. The advance sales of seats promises a crowd as large as that which recently saw McGovern dispose of Oscar Gardner. The betting is 5 to 2, with McGovern favorite. There is much interest in Herrera. He is clever, and is said to strike a very powerful blow.

Huntington, W. Va., May 29.—C. K. Lawrence, a traveling man of Lima, O., was found dead at the Arlington hotel in this city. He was apparently about 55 years old and represented a jewelry house. The coroner's jury has the case under investigation.

German Divine Dead.

Cleveland, May 29.—Rev. Frederick Von Schluembach, a prominent German Evangelical minister of this city, died at Lakeside hospital of blood poisoning. He established the Y. M. C. A. in Germany.

THE PLATT PROVISION

Suspicion at Washington That It Has Been "Doctored" by the Cubans.

ACTION, HOWEVER, MAY BE APPROVED

Removal of Porto Rican Tariff Assured in the Near Future—Insular Affairs and Comment on the Decision.

Washington, May 29.—Secretary Root has received a cablegram from General Wood at Havana confirming press reports of the adoption by a vote of 15 ayes to 14 nays the report of the committee on relations with the United States, accepting in behalf of the convention the terms of the Platt amendment. It is not possible at this moment to secure here even an abstract of the resolution adopted. It is understood that without undertaking materially to change the language of the Platt amendment the convention, by the addition of reports of interviews with Secretary Root and otherwise, has placed upon the amendment itself a construction that will require very serious consideration. The weight of opinion inclines to the belief that even as it stands the convention's action will not be disapproved from Washington. It is suggested by the officials that there is no occasion at present for the Washington government to take action upon this matter, either by accepting or rejecting the convention's work.

Porto Rico and the Tariff.

Washington, May 29.—Administration officials displayed a keen interest in the reports from San Juan showing the manner in which the decisions of the supreme court in the insular cases were received in Porto Rico. They were not surprised at the disappointment expressed, as they realized that the islanders would prefer free trade with this country instead of a continuation of the imposition of the 15 per cent of the Dingley rates. The operations of the Hollander bill providing a scheme of internal taxation will be carefully watched here, and the hope is expressed that it will prove adequate for the purposes for which it was intended. It was said President McKinley would obey the provisions of the Foraker law and proclaim free trade when the Porto Rican legislature declares an adequate system of insular taxation is operative.

Claims It's a Backward Step.

London, May 29.—The Daily News, which comments upon the decisions of the United States supreme court in the insular cases as "perhaps the most momentous which this tribunal has ever called upon to make," regards them as "a curious issue to 120 years of triumphant democracy," and says: "It is not progress, but retrogression; not the advancement of humanity, but that disheartening product of our time—the militarism of a democracy. We venture to think that the framers of the United States constitution would have laughed at the possibility of such a development as incredible."

Cuba as a Nation.

Havana, May 29.—The Cuban constitutional convention will not hold further session until after the municipal elections. President Capote visited Governor General Wood to talk over the proposed election, which will be held the first week of the convention. The general intimated that the United States would ask that some changes be made in the constitution. El Mundo says: "By the vote Cuba's independence and nationality were made subject to the United States. In future we shall only be a name on the map of the world."

Dubbed Traitors.

Havana, May 29.—By a vote of 15 to 14 the Platt amendment was accepted by the Cuban constitutional convention after a bitter debate. The amendment was embodied in the majority report of the committee on relations. The radicals made a hard fight to the last moment, and Senores Portuondo Gomez and Tamayo bitterly arraigned the conservatives. Senor Tamayo was particularly vindictive, and declared that everybody who voted in favor of the Platt amendment was a traitor to his country.

Victims of Explosion.

Dayton, Ky., May 29.—The total list of dead from the explosion in the Richmond mine is 20. Harry Pope, who was incorrectly reported dead, was not injured, having left the mine a few minutes before the explosion. Andy Medley and Will Rose were taken from the mines in a frightful condition. Although at least five of the wounded were considered fatally injured, none has died and it is possible all may recover.

Evangelical Lutherans.

Des Moines, Ia., May 29.—The fortieth biennial synod of the Evangelical Lutheran church of the United States, convened here, with addresses of welcome by Governor L. M. Shaw, Mayor J. J. Hartenbower, Rev. S. F. Breckenridge of Springfield, O., Dr. G. W. Brown and Dr. J. A. Wirt of Des Moines. Four hundred delegates will attend. In addition to these, representative Lutherans will be here from Europe, Africa and India.

BIG MAN HUNT.

Town Suspends Business to Go After a Brutal Negro.

Tampa, Fla., May 29.—Business in the little city of Bartow, Fla., is entirely suspended, the citizens of that place being engaged in a man hunt. Fred Rochelle, a negro, is the man wanted. He is charged with assaulting and murdering Mrs. Rosa Taggart of Bartow. Rochelle, it is alleged, cut off Mrs. Taggart's nose and otherwise mutilated her body. The people of Bartow openly avow that they will burn Rochelle at the stake in the public square of the town. It is believed Governor Jennings will order out the militia to preserve the negro's life if he is captured. One thousand men with dogs are in pursuit.

Wants Heavy Damages.

Boston, May 29.—The jury trial of the suit of Mrs. Josephine A. Woodbury of this city claiming \$150,000 damages from Mrs. Mary Baker G. Eddy of Concord, N. H., founder of the Christian Science sect, for libel, was begun in the Suffolk county superior court here. The suit was brought by Mrs. Woodbury on the ground that two years ago Mrs. Eddy, in a message to the First Christian Scientist church here, which was read four times and afterward published in a local paper, had in mind Mrs. Woodbury when she used the words, 'The doom of Babylonish women referred to in the Book of Revelations is being fulfilled.' Previous to this Mrs. Woodbury had been excommunicated by the church.

United Presbyterians.

Des Moines, Ia., May 29.—The committee appointed to make a revision of the membership covenant of the United Presbyterian church is composed of Rev. T. J. McCrory of Pittsburg, Rev. E. S. McKittrick of Los Angeles, Rev. T. H. Hanna of Monmouth, Ill., Rev. J. G. Kennedy of Ohio and Rev. C. S. Cleveland of Philadelphia. Appropriations were made as follows: Foreign missions, \$13,249; home missions, \$100,550; Freedman's Aid, \$55,000; church extension, \$55,000; educational work, \$8,000; educational, for colleges and seminaries, \$25,000; ministerial relief, \$10,000; publication, \$1,500. The general assembly adjourned to meet at Allegheny, Pa.

Attorney Attacked.

London, Ky., May 29.—During the noon adjournment of court Sam Cash of Manchester, attorney for Jule Webb, now on trial for killing Chad Hall, was attacked by George and Dock Hall, brothers of Chad Hall, in the courtroom on account of some statements made by Cash as to what would be proven in the case. Pistols were drawn and great excitement prevailed for a time, but cooler heads interfered and prevented bloodshed. When court reconvened Judge Tinsley ordered the sheriff to search every one in the room for arms and to let no one enter the room with arms.

Control the Massillon Mines.

Cleveland, May 29.—The Massillon Coal Mining company, which is to take over a large majority of the mines in the Massillon district in which options are held by J. J. Phillips of this city, was incorporated by D. R. Hanna, T. E. Young, Andrew Squire, C. C. Bolton and S. Hitchcock. All the incorporators except Mr. Squire, who is attorney for the firm, are members or employees of the firm of M. A. Hanna & Co. The capital stock authorized is \$1,000,000.

Spanish Army Reorganization.

Madrid, May 29.—General Weyler, minister of war, at a banquet at Leon, described the plans for army reorganization. He said it is proposed to establish three army corps capable of repelling an invasion without recourse to extraordinary expenditures. There will be maneuvers of the troops twice each year. The Correspondencia says: "Differences exist among the ministers on the subjects of elections and the economic situation, but there is no cabinet crisis."

Employees' Wages Increased.

Youngstown, O., May 29.—The wages of the skilled and unskilled day men of the Youngstown, Girard, Warren and Greenville plants of the American Steel Hoop company, one of the constituent companies of the United States steel corporation, have been voluntarily increased from 10 to 20 per cent. The increase is effective at once. About 2,000 workmen are benefited by the action.

Cape Town, May 29.—Two hundred Boers have surrendered at Palapye, Bechuanaland, and 42 wagon loads of men, women and children have surrendered at Fort Tuli, Rhodesia.

BOAT BLOWN TO BITS.

Fire Caused by an Explosion Spreads to Dynamite Stored on Board.

PROPERTY DAMAGED MILES AROUND.

All But Two of the Crew Fled From the Flames and Escaped the Second Explosion—Ferryboat Lying Nearby Also Shattered.

Booneville, Mo., May 29.—The Laurine, a 14-foot boat plying between Booneville and Rochport on the Missouri river for the new railroad, is a complete wreck, having been blown to atoms by explosives stored on board. Burt Cripe, white, of Osceola, Mo., and Steve Wilson, colored, of Denison, Tex., roustabouts, are thought to have been killed. Considerable damage to adjoining property resulted from the explosion, which was felt for miles. The steamer was the property of the Rochport Ferry and Packet company, and was about ready to leave for the works below town when the accident occurred. Captain Fred Farris was in charge.

The Laurine was propelled by a gasoline engine, and when a match was applied to the generator the gasoline exploded. The captain and employees of the boat immediately vacated. The fire spread rapidly to the supply tanks filled with gasoline and a second explosion occurred. In the rear end of the vessel was stored 2,100 pounds of dynamite, about 100 kegs of powder, eight cases of fuse and 1,000 detonating caps. When the fire reached the powder and dynamite the Laurine was blown to atoms, and many thousands of dollars worth of property in the city was destroyed. The ferry boat Joseph L. Stephens, lying 500 yards above the scene of the disaster, was badly damaged. All escaped from the ferry.

Fraud Cases at Manila.

Manila, May 29.—Commissary Sergeant Harry Wilson has been sentenced to three years' imprisonment in Bilbid prison for stealing supplies. The trial of Harold M. Pitt, manager of Evans & Co., charged with improperly purchasing government stores, has been postponed. The court martial of Lieutenant Richard H. Townley for alleged participation in the commissary frauds at Manila, began at Cavite. It is settled that the governing board of Manila is to consist of an army officer, a Filipino and an American civilian. Major Batson is negotiating with the emissaries of General Cailles at Santa Cruz.

BLEW THE SAFE.

Burglars Enter and Loot an Ohio Bank. Building Damaged.

Fostoria, O., May 29.—The branch of the Mechanics Banking company, located at Bradner, 12 miles north of here, was robbed by burglars and \$4,000 secured. Five men were involved in the robbery and wrecked the bank building by their work. They were discovered by the night watchman, J. H. Denny, who fired two shots at them. They returned the fire and made their escape on a handcar.

Germany's Contingent.

Berlin, May 29.—All the powers have accepted Germany's proposition to withdraw Field Marshal Count Von Waldersee from China and surrender the chief command. In accepting the proposition the United States expressed satisfaction at the extremely tactful and skillful manner in which Count Von Waldersee discharged his most difficult duties and at his great courtesy toward American officers. The other powers have expressed themselves similarly. Germany's contingent remaining in Pe Chi Li, it is learned on authority, will be somewhat over 4,000 men. The troops are only staying there as a guaranty of the fulfillment of the peace conditions.

Gibbons at Rome.

Rome, May 29.—Cardinal Gibbons has determined to prolong his stay in Rome and he will remain here during the greater part of the month of June. The cardinal says the appointment of a rector of the American college here to succeed Mgr. O'Connell, the bishop of Portland, Me., has not reached a stage where any statement can be made. It is understood the cardinal during the audience with the pope explained at length the views of the government at Washington regarding religious matters in the Philippines.

Youth's Mad Deed.

Des Moines, Ia., May 29.—Charles Neil, aged 19, entered J. W. Mercer's house, drew a revolver and calmly commenced shooting at Effie Mercer, aged 13. He fired three shots, taking deliberate aim, but none took effect. He fled, but was pursued and captured. He pleaded guilty to a charge of assault with intent to do great bodily injury and was bound over to the grand jury. He is believed to be insane, though seemingly rational.

The announcement was made by Harry S. New, Republican National Committeeman from the Senator's State. This is a case of the man seeking the office. But has Fairbanks obtained Boss Hanna's consent? Milford, O., has only 1,142 population, but they went to work a few years ago, issued bonds and built two miles of concrete pavement. There was much objection to the enterprise at the beginning, but the citizens of the place would not have the old order of things now for many times what the pavement cost them. **THE GENESIS OF A GREAT RIVER.** We have received from the author, Mr. Gerard Fowke, formerly of this county, a copy of his remarkable paper on "The Conditions of Pre-glacial Drainage"—a paper which raises, and in a measure settles, some very interesting questions in pre-historic geography. It will no doubt surprise a great many of our readers to know that prior to the glacial period the Ohio river as a separate stream had no existence, and that its present channel was occupied by a series of disconnected water-courses, the most conspicuous among them being the "Old Limestone," whose waters were deflected northward and entered the depression lying north and eastward of Cincinnati. The steps by which the Ohio was ultimately established as a great river are followed by Mr. Fowke with a precision and certainty that would have excited the envy of Champlion or of Sherlock Holmes. We congratulate the writer upon the admirable contribution he has made to the solution of this curious and intricate problem in ancient geography. **BOTH LOSE OUT.** Fate of Ex-Congressman Pugh and His Father-in-Law, Judge George M. Thomas. WASHINGTON, May 29.—George M. Thomas, father-in-law of former Congressman Pugh, of the Ninth Kentucky district, is permanently out of office, owing to his resignation as Solicitor for the Internal Revenue Department at the time Pugh was seeking the Federal Judgeship. To improve Pugh's chances Thomas sent in his resignation. Pugh did not get the place, and now Thomas finds himself out, effective June 1st, with Al. W. Wishard, of Indiana, slated to succeed him. He Is a Wonder. All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c. at J. Jas. Wood & Son's drug store. **THE ELKS.** Maysville Lodge Instituted in Blaze of Glory. "Best People on Earth" Had Possession of the Old Town Last Night—Many Visitors in Attendance. Maysville was in possession of the "best people on earth" last night. The keys of the city were turned over to the visiting Elks from Cynthiana, Paris, Lexington, Winchester, and Richmond by Capt. Thomas A. Davis about 5:30 last evening. They came about 150 strong, on a special train, and from the time of their arrival at the hour named up to 3 o'clock this morning, when the train pulled out on the return trip, the old town was theirs. The visitors came to institute the Maysville lodge of this popular and rapidly growing order. A committee of reception awaited them at the L. and N. depot and headed by the Augusta band the procession moved down to the Central Hotel, where the wants of the inner man were appeased. Later the visitors were escorted to Golden Eagle Hall, their route being illuminated with a brilliant and very gorgeous display of fireworks. The formal work of instituting the lodge and installing the officers followed, the work being done by Cynthiana Lodge under the instruction of District Deputy Grand Exalted Ruler Geo. T. Wilson, of Bowling Green. The list of officers and charter members was published in full in Wednesday's issue of the BULLETIN. The work was concluded about midnight, and then the local lodge escorted the visitors to the Central Hotel, where a bounteous collation was served by Mine Host Daugherty. The menu follows: Cold ham, Tomatoes—Lettuce, Crackers, Mayonnaise dressing, Olives, Mixed Pickles, Cold Turkey, Dressed Eggs, Saratoga Chips, Chicken Salad, Strawberries, Ice Cream, Coffee, Wine, Cigars. It is not necessary to add that the good things spread were enjoyed to the fullest. It was 3 o'clock this morning when the visitors took their departure, loud in their praise of the hospitality of the Maysville Elks. Among the visitors from Cynthiana were: B. D. Berry, F. P. Clary, Editor J. M. Allen, Clarence Lydick, C. K. Megibben, J. T. Megibben, J. I. Sphon, W. P. Curle, R. S. Withers, Hanson Peterson, H. A. Robb, Hon. Fred Peckover, of Anaconda, Montana; A. S. Jones, H. F. Reynolds, Col. P. H. Crane, T. H. Hoffman, J. T. Terry, Joe V. Hedges, R. V. Bishop and J. J. Curle. Paris sent a delegation of thirty, Richmond about twenty, and Winchester and Lexington were also represented. Among the jolly Elks was Mayor S. H. Ashbrook, of Cynthiana, who is a hustler from 'way back. He was the prime mover in bringing the large delegation to this city. Handsome Jim Allen, of the Cynthiana Democrat, came over with the Elks. Of course the party would not have been complete without Jim. Mr. S. J. Robinson, of the Cynthiana Democrat, who is not only an Elk, but one of the cleverest fellows on earth and makes friends wherever he goes, was in the delegation. The Cynthiana boys brought their goat and did not forget to bring something along to wet their whistles. The display of fireworks on Market street was beautiful. The parade from Market street to the hall, corner Second and Sutton, was a continuous stream of fireworks, every man in the procession firing Roman candles. It was a beautiful sight. Mr. Leslie Downton, a nephew of Mrs. John Ballenger of this city, was married at St. Louis a few days ago to Miss Bessie Berton. Cut Glass. Now is the season for a handsome cut glass berry bowl or a nice water bottle and water pitcher and goblets, cream and sugar, beautiful flower vase, large and small, ice cream plates; ice cream spoons, berry spoons,—all at greatly reduced prices. MURPHY, the jeweler. Ice cream soda at Chenoweth's. Berries and spring vegetables, Calhoun's. For Sale—Horse; a good, powerful draft horse; height sixteen and a half hands; weight 1,425 pounds. Chas. Gabby, of this city, was a member of a large class graduated this week by the Southern Baptist Theological Seminary. He received the degree of Graduate in Theology. A Chicago girl's awkward fall from her bicycle was the cause of her getting a husband. No doubt ladies all over the country will soon tumble to the racket and be seen tumbling off of bicycles along the streets, says an exchange. Cards are out announcing the marriage of Miss Mary Lou Fitch, daughter of Mr. and Mrs. Samuel Fitch, of Ripley, to Mr. S. E. Pangburn, of this city. The nuptials will be solemnized Thursday evening June 6th, at the home of the bride. POYNTEZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand. Between twenty and thirty members of the Jr. O. U. A. M. went to Augusta on the 8:50 train this morning to attend the flag raising and Memorial Day services. They were accompanied by Judge Wadsworth, who is the orator of the day. A special from Toledo, O., says options are being taken on all of the pulley plants in the country by a party of gentlemen. The company proposes to purchase all the pulley plants and combine them under one management. Options already have been secured on ten plants located in various parts of the country. Elder Russell Briney, of Monroe City, Mo., will visit Elder and Mrs. Howard T. Cree the second week in June when he comes to Kentucky to attend the annual commencement of the Bible College, Lexington. He will preach at the Christian Church Sunday, June 16th. Mr. Briney is a native of Maysville, and is a son of Elder J. B. Briney, formerly pastor of the local church. The recent alleged earthquake is attributed now to a terrific explosion of a gas well near Buena Vista, O. An exchange says: "Two years ago a well was dug there at a considerable depth, and the men plugged it up and went away without saying a word to anyone. The supposition was that nothing had been discovered. Friday an explosion resulted. A hole fully fifty feet across was made in the earth by the eruption." Suit has been filed in the Fleming Circuit Court by the trustees of the Flemingsburg Graded High School to compel the payment of certain back taxes by the Fleming County Farmers Bank, amounting to about \$1,200. A similar suit from that city for \$1,200 and also one from Fleming County for a still larger amount is also anticipated. The suits are the outgrowth of a decision recently made by the Circuit Court in which it was held that taxes could not be compromised and as a result of which the Deposit Bank of Flemingsburg was compelled to pay two or three thousand dollars back taxes. The taxes had been compromised several years ago. The circumstances surrounding the compromise of the Farmer's Bank were slightly different from those of the Deposit Bank and the attorneys for the former think that the court will decide in their favor, but on the other hand the attorneys of the other side think that the Farmer's Bank will be compelled to settle in full, as was the case with the Deposit Bank. **BUNCH OF BRIEFS.** Telegraphic Intelligence Shredded For Instantaneous Digestion. Presbyterian general assembly dissolved after two weeks' session. Coal chutes of the Great Northern at Hillyard, Wash., destroyed by fire. Loss \$125,000. People's State bank at Gothenburg, Neb., ordered closed. Capital \$25,000; deposits \$60,000. Charles P. Salen of Cleveland chosen temporary chairman of Ohio Democratic convention. Colonel James G. THE BEE HIVE

FRIDAY IS BARGAIN DAY---RAIN OR SHINE!

Some merchants advertise the sale of bargains when they have some old stock of which they wish to dispose. Ninety-nine ladies out of one hundred (if they are up-to-date, and we think they are) could not use such bargains at any price, for goods that are out of date are not bargains at all. Before we advertise bargains we try and think what you are in need of most and then we see that the goods are new, spick and span.

We have noticed the last few days, during the rain, that many of the ladies are without **UMBRELLAS**. Don't let it happen again. A 26-inch Umbrella, a nice natural wood handle, worth 75c., Friday only at 35c.

TOWEL CRASH, not the best quality by any means, but look at others at 5c., then come here and buy it **FRIDAY ONLY** at 2c. per Yard.

You can tell a lady by the Corset she wears. All ladies with fine figures wear the R. & G. Corset. If others would wear them they would have fine figures too. The most graceful, the most comfortable and the best wearing made. Sold the world over at \$1, here, on Friday, at 89c.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Maysville Is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ill. Here is Maysville evidence to prove it: Mrs. W. F. Cooper, of 1002 East Second street, says: "Doan's Kidney Pills are worthy of the fullest confidence and their great merit and effectiveness is quickly proven by a short course of treatment. Mr. Cooper procured Doan's Kidney Pills for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. They are worthy of the strongest endorsement."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

IN A WORD

The Meaning of the Supreme Court Decision Tersely Expressed.

[S. E. J. in Enquirer.]

COLEMBUS, OHIO, May 28.—I know of no one who has more patiently and prayerfully followed the subject involved in the decision just made by the Supreme Court of the United States, who has more assiduously read the opinion of the Judges, or who takes the whole case more to heart than Allen W. Thurman. "What do you think of the decision of the Supreme Court?" he was asked today.

"Why, it simply means that after this there can be American subjects as well as American citizens; in other words, that the United States is now an imperialistic republic. There is nothing paradoxical, antagonistic or incongruous about that title, is there?" "This decision, too, is perfectly consistent with the edifying spectacle which we have witnessed of this highly civilized and God-fearing Anglo-Saxon race in their wonderful double act of shooting liberty out of the people on one side of the globe and into them on the other side."

To those who haven't time to go through the great mass of "reading," this may be commended as a just conclusion "in a nutshell."

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

WINE OF CARDUI

Rockford, Tenn., Aug. 16, 1896.

I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get hold of a Ladies' Birthday Almanac, and decided to try your treatment. In nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health.

Miss S. E. GARLEN.

CONFEDERATE VETERANS.

Business of Importance Transacted at the Second Session.

Memphis, May 29.—A cloudless sky and a cool western breeze were in evidence on the second day's session of the Confederate veterans. The credentials report showed a total representation of 1,359 camps with an aggregate attendance of 2,309 delegates. Texas had the largest representation, with 129 camps and 451 delegates. The resolutions prepared by various delegations were passed up to the commander, who read them aloud before passing them back to the committee on resolutions. Among them was a motion that congress be memorialized to erect in precincts of the nation's capital a monument to General Robert E. Lee. The resolution was passed back to the committee. A flower parade was a feature of the day. The first resolution adopted was that the congress of the United States be respectfully requested to make sufficient appropriation for the care of the Confederate dead in the cemeteries of the north. The second resolution moved that thanks be extended to congress and to the president of the United States for the passage of the act, approved June 6, 1900, making an appropriation for the reinterment of the Confederate dead interred in the National cemetery at Washington, D. C.

General A. P. Stewart offered a resolution asking that every member of the United Confederate Veterans give \$1 for the purpose of erecting a suitable memorial to the women of the south. Adopted.

The others, Charles Watkins and Louis Cloyd, are not dangerously wounded. Rivalry for the affections of a colored girl and the statement that he could not buy ice cream caused Baker to commit the crime.
